The INSS journal *Strategic Assessment* will soon assume a different shape and form, and the new editorial board invites authors to submit articles for issues to be published in the updated format, which will be launched in January 2020.

The editorial board invites researchers to submit articles that have not been previously published that propose an original and innovative thesis on national security with a broad disciplinary approach rooted in international relations, political science, history, economics, law, communications, geography and environmental studies, Israeli studies, Middle East and Islamic studies, sociology and anthropology, conflict resolution, or additional disciplines.
